In a society where media is the most persuasive force shaping cultural norms, the collective message that our young women and men overwhelmingly receive is that a woman's value and power lie in her youth, beauty and sexuality, and not in her capacity as a leader. The film challenges the media's limited and often disparaging portrayals of women and girls, which make it difficult for women to achieve leadership positions and for the average woman to feel powerful herself.

Due to mature subject matter, parental discretion is advised for those under age 16.
